

These comments are in regards to the new Low Power FM service that you are proposing to do. I am a K-Love listener on 89.3. I listen to it every day as I drive to work, while I am at work, and on my way home. K-LOVE is a very important necessity in the daily lives of thousands of people who might not be able to receive it if you were to go on with your plans. When you are listening to K-LOVE you don't have to be afraid of what might be said, whether it will offend you or not be good for young listeners. I have listened to other stations in the past and have been offended by the language that the broadcasters use. K-LOVE is positive and encouraging. I would like to urge you not to expand this LPFM service as it would cause more harm than good. Thank you for your time. Sincerely Bev Anderson.
